ACRILEX OFFERS ACRIGLAS®ACRYLIC SHEETS SPECIFIER SAMPLE CASE
Powerful and convenient sales tool available to qualified designers and specifiers

Acrilex, Inc., producers and distributors of high-end, custom-colored acrylic sheets, announces the availability of their Acriglas® Acrylic Sheets Specifier Sample Case. This attractive and powerful presentation tool, conveniently houses and displays approximately 120 sample squares of Acrilex's most popular acrylic sheets. The Acriglas Sample Case is available to qualified designers and specifiers who purchase or specify acrylic sheets in the architecture or commercial building and design industries.

Unlike the previous color binder which had samples permanently attached to a page, this sample case affords designers the opportunity to see and feel the complete range of Acriglas® solutions, as well as hold samples up to light sources to determine aesthetics and light transmission. Also, unlike keychain samples, the new box neatly stores the product and can be placed vertically on a bookshelf like a binder for future reference.

Included in the case are Acriglas® series such as: metallic, frosted, neon lights, impressions textures, pearlescent, glitter, fluorescent/edge colors, granite and natural mica, marble, and newly introduced products.

Acriglas® acrylic sheets are ideal for point of purchase displays, lighting, store fixtures, signs, and furniture applications that require complex formed or fabricated shapes. The sheets are also ideal for providing material with superior impact resistance to glass. Acriglas sheets are available in a variety of sizes, and thicknesses ranging from 1/8"-1/2".

About Acrilex, Inc.

Acrilex is a leading producer and distributor of custom-colored and stock plastic, fabricated plastic parts and other products that make people say WOW! In business to provide solutions to clients, Acrilex can design it, create it and get it to you faster than anyone else in the industry. Headquartered in Jersey City, NJ, Acrilex offers a complete line of acrylic products and capabilities. To learn more about Acrilex, call Dan Rustin, a.k.a. Dr. Dan, at 1-800-222-4680, or via email at drustin@acrilex.com. Additional information can be found on the Acrilex company website, www.acrilex.com
