**ACRILEX INTRODUCES ACRIGLO® LIGHTING FOR USE WITH CCD  
VIDEO SURVEILLANCE CAMERAS**

*Glow in the Dark Acrylic Combines Safety and Security with Attractive Design*

Acrixlex, Inc., a leading producer and distributor of high-end, custom-colored acrylics, offers its Acriglo® photoluminescent lighting for security lighting applications in a variety of industries such as banks, retail outlets and government buildings. Designed to provide an additional 1 ½ to 2 hours of illumination without a back-up power source during the loss of electricity, Acriglo is ideal for use with CCD video surveillance cameras.

Charged completely by the luminosity emitted during the normal operation of a light, the glow emitted from a fixture with Acriglo lasts for several hours, while providing a lighting capacity equivalent to that of moonlight. In addition, Acriglo can be charged and discharged indefinitely, without any degradation to the performance of the acrylic.

Offered in several colors and textures, Acriglo combines aesthetic appeal with a practical and low-maintenance safety device. Under normal conditions, Acriglo serves as a decorative light fixture, while during blackout conditions, it provides the illumination needed for safe passage. Safe passage is a primary concern during fires, and the product serves as a key safety function in this arena.

Acriglo sheets are available in a variety of sizes and in thicknesses ranging from 1/8" – 3/8." All sheets can be custom cut or configured to meet all specifications.

**ABOUT ACRILEX**

Acrixlex is a leading producer and distributor of custom-colored acrylics, custom-configured acrylic fixtures and other products that make people say WOW! In business to provide solutions to clients, Acrixlex can design it, create it and get it to you faster than anyone else in the industry. Headquartered in Jersey City, N.J., Acrixlex offers a complete line of acrylic products and capabilities. To learn more about Acrixlex, call Dan Rustin, a.k.a. Dr. Dan, at 1-800-222-4680, or via email at [drustin@acrixlex.com](mailto:drustin@acrixlex.com).
