ACRILEX INTRODUCES GLITTER ACRYLIC SHEETS

Customized Acrylic Sheets Combine Functionality with Eye-Catching Design

Acrilex, Inc. producers and distributors of high-end custom-colored acrylics, announces its Acriglas® *Glitter* series of acrylic sheets. The acrylic sheets are ideal for use in point of purchase displays, store fixtures, lighting, and in sign or lettering applications. It is also ideal in applications which require other acrylic products to be used in combination with the *Glitter* series.

Acrilex's Acriglas *Glitter* acrylics sheets are offered in numerous solid and virtually unlimited custom blended color formulations. Using custom colored acrylic as the base color in combination with specified blends of Glitter, designers can create unique and colorful visual effects. Glitter of different shapes and sizes as well as new holographic and iridescent glitter add to the infinite number of possibilities for designers.

The *Glitter* sheets are offered in sizes of 4' x 4', 4' x 5', 4' x 6', and are available in thickness' ranging from 1/8" – 1/2". Acriglas *Glitter* acrylic sheets can be drilled, routed, laser cut, glued, formed, hot stamped, and silk-screened like any other acrylic sheet. All sheets can be custom cut or configured to meet all specifications.
